KEVIN ZUCKER AT ELEVEN RIVINGTON, NEW YORK

By Juliana Balestin

A look at KEVIN ZUCKER'S deconstructed images of resort hotels on view at *Eleven Rivington*. Zucker manipulates new and pre-existing images through pared down color and content. At the same time, the artist contemplates the coexisting roles of technology and traditional painting techniques. *No Hotel* is on view through December 20th 2012 at *Eleven Rivington, 195 Chrystie Street, New York*.
